The (PSA) Quezon conducted a National ID advocacy campaign and registration activities in various barangays. The initiative successfully registered 192 individuals, who received their paper-format National ID (ePhilID) on the same day.

This effort aimed to bring National ID services directly to grassroots communities, raise awareness about the National ID system and its benefits and remind the public that National ID services are free, registration is open to all ages, and double registration is prohibited.

By providing these services in local barangays, the PSA reduced the inconvenience of traveling long distances for residents. This collaboration reflects the commitment to ensuring everyone has access to vital government services.
