### **DEFINITION OF TERMS**

- **Consumer Price Index (CPI)** - is an indicator of the change in the average retail prices of a fixed basket of goods and services commonly purchased by household relative to base year.
- **Vital statistics**- are derived from information obtained at the time when the occurrences of vital events and their characteristics are inscribed in a civil register.
- **Live Birth** - is a complete expulsion or extraction from its mother of a product of conception, irrespective of the duration of the pregnancy, which after such separation, breathes or shows any other evidence of life, such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached; each product of such a birth is considered liveborn.
