

PRESS RELEASE

100-Year-Old Lipa Resident Registered for National ID in Support of Social Pension Eligibility

Date of Release: 09 May 2025
Reference No. 2025-015

The National ID Registration Team visits 100-year-old Natividad Magnaye Sales at her residence in Barangay Tangob, Lipa City, to assist with her registration for the Philippine Identification System (PhilSys) in support of her social pension application.

Demonstrating its commitment to inclusive and accessible services, the National ID Registration Team conducted an on-site registration for Ms. Natividad Magnaye Sales, a 100-year-old resident of Barangay Tangob, Lipa City, right at the comfort of her home.

The special home registration was arranged to assist Ms. Sales in securing her National ID, a vital requirement for her application for the Social Pension for Indigent Senior Citizens. Recognizing her limited mobility due to age, the team made a personal visit to ensure she would not be left behind in accessing government services.

This initiative highlights the Philippine Statistics Authority's (PSA) Batangas ongoing efforts to provide proactive and compassionate service, especially to the elderly and other vulnerable sectors of society.
