## PSA Batangas Registers Bedridden Senior Citizens in Bauan Through House-to-House National ID Registration

Date of Release: 07 July 2025  
Reference No. 2025-019

A PSA Batangas National Registration team registers bedridden senior citizens in Bauan, Batangas

In support of inclusive and accessible services under the National Identification System, the Philippine Statistics Authority (PSA) Batangas conducted a house-to-house National ID registration for bedridden senior citizens in the municipality of Bauan.

A total of nine (9) bedridden individuals were successfully registered during the outreach activity, following requests made by their families. As these seniors are unable to visit registration centers due to health conditions, the home-based registration aims to assist them in fulfilling the National ID requirement for accessing their social pension and other government services.

This initiative is part of PSA Batangas' continuing efforts to reach priority groups and ensure that no Filipino is left behind in the national registration.

Families with similar cases are encouraged to coordinate with their local government unit, OSCA or contact the PSA Batangas office for assistance.
