

SPECIAL RELEASE

Birth Statistics AUGUST 2024

Reference No. 2025-SR-10
Date of Release: 21 March 2025

This special release presents statistical data on births occurring for the month of August 2024 in the Province of Cavite. This publication shows the disaggregated data of live births by sex and by registration status down to city/municipal level. It also presents the total registered live births by nationality of father and mother, usual residence of the mother, and type of birth. The civil registry documents transmitted by the Local Civil Registry Offices (LCROs) to Cavite Provincial Office for machine processing served as the source of data in preparation of this publication.

Births in Cavite

Table 1 shows that there were 4,397 registered live births in the Province of Cavite for the month of August 2024. Male births accounted for 51.6 percent or 2,270 of the total births while female births accounted for 48.4 percent or 2,127. Males were higher by 143 than females. Six (6) cities and eight (8) municipalities recorded more male than female births. These were as follows: City of Bacoor, City of Carmona, Cavite City, City of Imus, Tagaytay City and Trece Martires City and municipalities of Indang, Kawit, Mendez, Noveleta, Rosario, Silang, Ternate and General Mariano Alvarez. The same number of female and male births were recorded in Maragondon and Tanza.

The City of Bacoor recorded the highest registered live births with 736 total registered births. This was followed by City of Dasmariñas and Trece Martires City with 668 and 645 registered live births, respectively. The least registered live births were recorded in Ternate with six (6), followed by Alfonso with 12. Amadeo and Magallanes both recorded 15 registered live births.

TABLE 1. Total Registered Live Births by Sex and by City/Municipality, Cavite: August 2024

Summary

The Province of Cavite had recorded a total of 4,397 live births for the month of August 2024. Male births were predominant in the province. Overall, males (2,270) outnumbered females (2,127) by 143. The highest number of registered births came from City of Bacoor with 736 and the least came from Ternate with six (6) live births only. Timely registered births were higher than late registered births. There were also more live births with Filipino mothers and fathers than births with foreign fathers and mothers. Majority of the mothers were residents of Cavite and among the types of birth, single was the most common.
